I just saw my baby, walkin' with another man

instrumental over verse

She ain't been hangin' round much, but I don't ask her why

She ain't been hangin' round much, but I don't ask her why

Couldn't stand to hear the truth, couldn't stand to hear her lie

instrumental over verse

Yeah, she ain't exactly truthful, she been walkin' that narrow line

She ain't exactly truthful, she been walkin' that narrow line

She been leaving me for a long time, I could see it in her eyes

instrumental over verse

What have I been thinkin', what've I been doin' all this time?

What have I been thinkin', what've I been doin' all this time?

Now I'm standing out here in the rain, tryin' to keep myself from cryin'

instrumental over verse

Can't you see that I am drowning, darkness pouring down like rain

Can't you see that I am drowning, darkness pouring down like rain

I just saw my baby, in the arms of another man

end on last words of verse, stopping to finish last words
