So close the door baby, and come on over here

instrumental

There's a world of sin, a world of sin out there

There's a world of sin, a world of sin out there

There ain't no sin in what we're doing here

instrumental

It's a crazy world, a crazy world out there

It's a crazy world, a crazy world out there

Come under the covers, babe, ain't no need to stare

instrumental

It's a messed up world, a messed up world out there

It's a messed up world, a messed up world out there

I don't mess around, though I'd like to mess up your hair

instrumental

There's a brave new world, a brave new world right here

There's a brave new world, a brave new world right here

So cuddle up babe, let's forget all about our fears

Dave repeats last line, slowing down with walkdown
