

# Bit of Plenty

BMI: 79740851

Key: C  
Composer(s): David Graybeard

Note: this was written for the Friendship Donations Network in Ithaca.  
instrumental over first two lines

If you have a little extra, now and then  
Just pass it along, and share it with a friend  
If you need a bit of something, now and then  
You're much more than welcome, my friend  
'Cause here in the land of plenty, plenty goes to waste  
There's plenty to go 'round, but too many have to wait  
There's so much we don't use, that can find a better home  
So much you can do, and you are not alone

instrumental over first two lines

If you have a little time, now and then  
Don't spend it alone, share it with a friend  
Get to see your neighbor, maybe someone you don't know  
And maybe you can be there, when you're needed most  
refrain

instrumental over first two lines

If you need a helping hand, now and then  
Please don't be a stranger, there's plenty, come on in  
Spend some time with neighbors, maybe some that you don't know  
There's someone 'round to help you, when you need it most  
refrain  
repeat last line of refrain to end
