We reap a blackened harvest, from our deeds and lies
F Bitter seeds **G** being sown, **F** no sign of **G** changing soon
F Bitter weeds **G** taking root, **F** and in the end **G** there'll be bitter fruit

instrumental over first two lines of verse

Plowing rows of torment into killing fields of pain
Cultivating hatred, calling down a hard rain
When I hear about the soldiers, and what they're doing in my name
My heart is filled with sadness, hopeless rage and shame
refrain

instrumental over first two lines of verse

Sands poisoned in the desert, dust churned up in the fight
Forever falling on the people, nightmare in an endless night
When I think of the children, nourished every day on fear
Knowing only chaos, the price they pay so dear
refrain
