

Blue in Bluegrass

BMI: 79740873

Key: **G**
Composer(s): **David Graybeard**

use F shape on third fret for G chord, with hammer ons
instrumental over first chord

G
Puttin' blue in bluegrass
C7 Just can't help what I do **G**
C7
Putting' blue in bluegrass
G
That's the way that I move
D
I love that bluegrass music
C7 **G** **G**
Really heavy on the blue
If you like to dance to music
If you love the blues
Ain't nothing better
Grab your dancing shoes
Get out on that floor
You ain't got no excuse
Putting' blue in bluegrass
Adding spice to the stew
It adds a bit of something
Just like moonshine booze
It's got a special flavor
You just cannot refuse
Bluer bluegrass music
May not make front page news
It's not the same old groove
'Cause it has paid some dues
Roll some blues in bluegrass
It smokes clean and smooth

repeat last two lines
