instrumental over verse

E7
Well I feel like I am drowning
A7/E **E7**
Darkness pouring down like rain
A7/E
Feel like I am drowning
E7
Darkness pouring down like rain
B11#9
I just saw my baby
A7/E **E7 walkdown**
Walkin' with another man

repeat first two lines of each verse

She ain't been hangin' round much
I don't ask ever her why
Couldn't stand to hear the truth
Couldn't stand to hear her lie

She ain't exactly truthful
She been walkin' that narrow line
She been leaving me for a long time
I could see it in her eyes

What have I been thinkin'
What've I been doin' all this time?
Now I'm standing out in this rain
Just tryin' to keep myself from cryin'

Can't you see that I am drowning
Darkness pouring down like rain
I just saw my baby
In the arms of another man

slowing on last line to end
