Is a lifetime alone, without you?

instrumental over first two lines of verse

After twenty years this sudden change in weather
Has left me standing numb out in the cold
And I still don't even know, why you feel you had to go
You left as if I didn't need to be told
refrain

instrumental over full verse

We used to walk out in the back woods together
And all those years I never felt alone
I'm walking out here now, and the rain is pourin' down
And the cold is soaking right into my bones
refrain

instrumental over full verse

I don't want to start life again, all over
And if I did, I'd want you to be there too
Tell me something I can do, to make it right with you
To have you back, as my twenty-year best friend
refrain, then repeat last two lines of refrain
