F **Bb^{add(b5)}**
In any place and time
Bb **F**
In every shape and size
Love's not all there is

Whatever love you give
Will come back in time

Every kind of loving, every kind of loving is right
Bb^{add(b5)} **F**
If love is caring, if love is caring and kind
Bb^{add(b5)} **F**
Every kind of loving, every kind of loving is right

melody instrumental on high strings over first two lines of verse

Beauty's in your eyes
And beauty's in your mind
Beauty walks the line
It's the one that you define
So let your beauty show
Let your beauty shine
Let everybody know
Your beauty is alive
refrain

melody instrumental on high strings over first two lines of verse

Look around you now
Then look back inside
Do not be afraid
It's not something to hide
You may not get what you want
You may not get what you need
But you may be surprised
If you plant some seeds
refrain

melody instrumental on high strings over first two lines of verse

If you're short or tall
If you're fat or thin
Love won't care at all
Whatever shape you're in
If you're dark or light
If you're in between
Love is color blind
If love is what you mean
refrain
