Em Evil is out walking, **Am** it's walking through our **Em** town
Am Evil is out walking, it's walking through our **Em** town
Bm They wanna frighten you, **Am** they wanna keep you **Em** down
Evil is out talking, in a voice that's full of hate (x2)
It wants to get inside, and it's busted down the gate
Evil has been scheming, and it's threatening our friends (x2)
And it's using any means, to reach its evil ends
Evil has been grasping, taking everything in reach (x2)
This town is in real trouble, evil has it under siege
Evil has a whippin' boy, and he looks like you and me (x2)
The dogs of war are loose, and they're on a killin' spree
Evil has a way, of fooling frightened minds (x2)
They won't know what hit them, when evil has its time
