Key: C
Composer(s): David Graybeard

sing-along, repeating the refrain each time

C **Am** **F** **C**

Hey Jesus, what the fuck?

C **Am** **F** **G**

Some crazy-ass Christians, have run amok

C **Am** **F** **C**

Killing off Muslims, far from home

C **Am** **G** **C**

Shootin' down people, from unmanned drones

F **C** **F** **C**

We gotta stop religion, before it kills again

F **C** **G** **C**

Stop the gods and their prophets, and all of their plans

Abraham, what's up with that?

Some Jews took some land, won't give it back

Shootin' down people, stuck behind a fence

You'd think they know better, cuz' of what happened to them

refrain

Hey Muhammad, what the hell?

People teaching kids how to kill themselves

Strappin' on bombs, with diabolical plans

To kill and maim, as many people as they can

refrain

Hey Jesus, there's something new

Half your believers, wanna kill me too

Think they own it all, that I just don't count

And they are cashing checks, for biblical amounts

refrain
