## instrumental over first line of verse

**C** **G** **F** **G** **C** **F** **G**  
I've walked a long, long road, been away a long time  
**C** **G** **F** **G** **C** **F** **G**  
Seen a lot of crazy things, out under this sky  
Open road, and open sky. open heart and open mind  
Time to close my eyes for just a while, close the door and pull the blinds

**Am** **F** **C** **G**  
But I can see the mountain side

**Am** **F** **G**  
It's all right here in my mind

**Am** **F** **C** **G**  
I can feel the wind in my face

**Am** **F** **G**  
And hear it blow through the pines

**Am** **G** **Am**  
Home again sometime

**Am** **Em** **Am**  
Home again sometime

**Am** **G** **Am**  
As sure as day follows night

**Am** **Em** **Am**  
I'll be Home again sometime

## instrumental over first line of verse

So much pain in that valley of tears, so much to hurt to leave behind  
So many things that shouldn't have to be, too late now to unwind  
So hunker down, and soldier on, take what joy you can find  
How many more roads, I don't know, I take one step at a time

## refrain and bridge

## instrumental over first line of verse

I've walked a hard, hard road, been away for much too long  
Broken people, bodies, hearts and minds, a lot of things can go wrong

## refrain and bridge, slowing to end
