Em **A**
I don't know what you want
Em **D**
I don't know what you need
Em **A**
Don't where it's coming from
G **Em**
If it ain't from me
G **D** **Em**
But I know one thing for sure
G **D** **Em**
Ain't getting it here no more

repeat

I don't know where you go at night
I don't know what you think
I don't know if you're changed at all
Or if you are on the brink

refrain

You ain't got a lot to say
But you always stick around
You don't seem to know, yourself
If you lost what you just found

refrain

I may not know what's goin' on
I may not know the score
I may not know much of anything
But I know one thing, sure
