for banjo

G C G

I wanna love you

G C G

I want you to stay

D C

But I can't remember

C G C G

What to say, what to say

D C

Yeah I can't remember

C G C G

What to say, what to say

You are very lovely

You are very kind

I know you, you've been ready

For some time, for some time

Yeah you, you've been ready

For some time, for some time

Em

In the hallways of my mind

G

I am always pacin', up and down

Em

Meanwhile I can

G

Barely lift my feet off the ground

D

Off the ground

We can't seem to go there

We can't take a chance

And we could both be lonely

It's in our hands, in our hands

Yeah we could both be lonely

It's in our hands, in our hands
