intro: instrumental over verse

When I'm ^C down, and feeling ^F bad
And the radio, just makes me ^C mad
I know I can't, go far wrong ^F
If I listen to an old John Prine song ^C

instrumental over verse

Simple words, mixed up just right
A friendly old dog, with a painful bite
A brand new tune, with familiarity
That's the way old John will have it be

instrumental over verse

There's Gurf Morlix, Blaze Foley too
In a pinch, Steve Earle will do
When they start that regular rhythm
I know they've got some of that old Prine in 'em

instrumental over verse

So let me tell you, let me recommend
Let make it plain to you as I can
When you're down, you can't go wrong
If you listen to an old John Prine song

repeat last two lines and end
