It's bright and sunny out there, babe

C **G**
Let it stream inside

Let it **Em** flow, let it **D** go, let it **C** out then **D** ask for **Em** more

Open up your eyes
Spread your lips in a smile
We all need to open up, babe
Every once in awhile

refrain

Let your dogs out in the yard
Let your cows out in the corn
Strip off your clothes and run outside
Free as the day you were born

refrain

Open up the flood gates
Let the dam overflow
Don't worry 'bout it baby
There's plenty more oats to sow

refrain, slowing to end on last line
