Em **C**
You don't care 'bout what is real
Em **C**
You only care 'bout how you feel
Em **C**
How you feel is what makes things true
Em **C**
Your deepest fears claw a hidden tomb
G **F** **C** **G**
What's it like, to live like that?
G **F** **C** **G**
What's it like, to live a lie?
G **F** **C** **G**
What's it like, playin' loose with the facts
G **F** **C** **G**
Foolin' yourself 'til the day you die?

Afraid to think, you choose to pass
Afraid to look, directly at the glass
Afraid to free, your captive fears
Afraid to step, out into the clear

refrain

Your life defined, by Someone else
You fear His wrath, you fear His hell
You live to be, a humble pet
And scrape whatever, you can from that

refrain

Who's to say, who is right
The One who's first, the One who has the might?
Or should we all, figure out our own rules
Since we're the ones, that have to pay the dues

You don't have to live like that
You don't have to believe the Lie
Don't fear the end, do what you can
To make life mean, what you define
