

Lose Your Love

BMI: 79740934

Key: C
Composer(s): David Graybeard

C **Am** **F** **G**
Forgive me darling for always calling, but

F **G** **C**
You hit me like a drug

C **Am** **F** **G**
I'm in deep, and I keep falling, cuz

F **G** **C**
I know that you're the one

F **G** **C**
I know that you're the one (x3)

F **G** **C**
I don't lose your love

I hope you see, how deeply I care
It's all I think about
You're so fine and I'm so square
Was lost but now I'm found

refrain on the last line

instrumental over one line of verse

C **Am** **F** **G** **F** **G** **C**

F **C** **F** **G**
You're everything I want, and all I'll ever need

I hope you know, no need for knocking
My door's always open wide
My heart's beatin' wild, and it ain't stopping
Just the way it always does

refrain on the last line
I don't wanna lose your love (x3)
