chords and melody roughly from Oval Room, by Blaze Foley

He's a predator, on the move

He's a monster, without a clue

He's a hand grenade, that explodes
Everywhere, that he goes
He destroys, what he can't take
He's a golem, he's a fake

He's a predator, 'thout a clue, whoa oh, whoa oh oh

He's a monster, on the move, whoa oh, whoa oh oh

He's a mouth, that's always open
He's a hand, that's always gropin'
A machine, that just consumes
Grabbing everything, spreading doom

refrain

He's an oaf, a dark-side clown
Got a spell, he casts around
It spreads fear, and it spreads doubt
And over truth, it casts a shroud

refrain

Lyin' every day, 'thout a thought
Despite the facts, it never stops
Repetition, just a game
Without integrity, without shame

refrain
