G I love you in springtime, when the **C** myrtle is in bloom
G When you are outdoors walking, on a **C** rainy afternoon
C Most of all, I love to see your **G** smile
C Yeah, most of all I love to see your **G** smile
D As you take time to look, when something's caught your **G** eye
I love you in summer, when the daisies catch the sun
You're lazing in the hammock, when the morning's work is done
Most of all, I love to see your smile
Yeah, most of all I love to see your smile
When a pleasant thought, drifts slowly 'cross your mind
I love you in autumn, when the leaves begin to fall down
Your breath is glistening lightly, it barely makes a sound
Most of all, I love to see your smile
Yeah, most of all I love to see your smile
As you warm your hands, on a steaming mug of camomile
I love you in winter, when the snow is all around
Your cheeks aglow and frosty, your eyes as bright as mine
Most of all, I love to see your smile
Yeah, most of all I love to see your smile
When you look at me, while we huddle 'round a fire
