G

Am

All the way to the grave

instrumental over first four lines of verse

Love can be sad

It can bring joy

It can be treated

Like a hapless toy

The two of us, darlin'

We can only destroy

instrumental over first four lines of verse

Love is like hate

It can get to that point

It's never too late

For a flip of the coin

But there's no victor in war

And nothin' left of the spoils

instrumental over first four lines verse, then repeat first verse to end
