

Take Me Down

BMI: 79740957

Key: Em
Composer(s): David Graybeard

Em G Am C B7
Take me down, down and dirty
Em G Am C B7
Take me now, while I am hurtin'
Em G Am C B7
If ya don' know how, then just stop flirtin'
Em G Am C B7
with me

I don' know, what I am doin'
I don' know, which way to turn
Your hand is fate, your hand is movin'
me

C
I don' know, I don' know
B7
I don' know what to feel

repeat

Yank the cord, rip back the curtain
Ain't no tellin', what we will see
Could be more life, or just more hurtin'
to heal

I like your style, I like your movement
Your eyes are kind, your voice is soothing
So do it now, or just stop foolin'
with me

refrain

repeat first verse
