We have an understandin'
We never fuss or fight
We like to be romancin'
All throughout the night
But something's wrong, something just ain't right (x2)
Tell me babe, where are you tonight?
Tell me, tell me, tell me, where are you tonight (x2)

If you got somebody else
If you've got another man
Then it's time to tell me
I'll try to understand
Not knowing, not knowing's feels so bad (x2)
Cuz you're the best, the best I ever had

You're the best, you're the best, you're the best, best I ever had (x2)
