instrumental over verse and refrain

A black beauty, with style and grace
You've got curves to spare
Wherever it is that I go with you
Folks are gonna stare
I love to groove with you
We were meant to be
As my fingers caress your neck
You respond to me

instrumental over verse and refrain

When I get so old that I can't play
Your beauty will remain
Hope somebody new comes along
And loves you all over again
I love to listen to you
I hang on every word
I just love the sound of your voice
The sweetest sound I've heard (repeat to end)
