Fm **Bbm** **Fm** **Cm7**
I can't see, can't see a way, from here

Fm **Cm7** **Fm** **Cm7** **Fm**
A way from here, away from here, to peace

instrumental over verse

I'm getting tired, I'm really weary now
The inner fire, is slowly dying down
The light's to dim to show me a way for me
A way for me, a way for me, to see

instrumental over verse

I need to stop, sit and think of it
I need to shout, and dance around a bit
I need to walk, to walk away from fear
Away from fear, away from fear, to be free

instrumental over verse

I want you, with every nerve I feel
I want to, be loved insensible
I want you, to open up a way for me
A way for me, way for me, to feel

instrumental over verse
