Tuning Open F

*intro notes on CGB*

*approximately: F Eb D C=>D Eb D x2*

*F Eb D C D C Ab F Ab<=F F Eb=>F*

**F**

We're dancing round, babe, all over the town

You got me movin' babe, up, over and down

**Bb**

**F**

We're moving fast, babe, we're rolling like a ball

**C**

**Bb**

**F**

We're moving fast, babe, but gettin' nowhere at all

*instrumental*

We're dancing round, babe, all over the town

You got me movin' babe, up, over and down

You got me dancin', like a puppet on a string

You got me dancin', but it don't seem to mean a thing

*instrumental*

We're dancing round, babe, all over the town

You got me movin' babe, up, over and down

We're getting nowhere, we're headin' there real fast

But I wanna love you babe, I wanna be your man

*instrumental*

We're dancing round, babe, all over the town

You got me movin' babe, up, over and down

I can see babe, you like to make me swing

But what about love, girl, what about the real thing?

*instrumental*
