I remember, back in the day

C Bm Am D

You used to sing whenever I'd play

G D Em Bm

I didn't know then, I didn't understand

C Bm Am D

That love is fragile, takes a steady hand

Vocals: ALL

C D

But I know that now

C D

I can see that now

C D G

I can feel it now... with this broken heart

instrumental over verse, then vocal refrain again

A woman's love, is a mirror of truth

A perfect reflection, constant and smooth

If you're not careful, shards of glass

Will cut you deeply, with your shattered past

refrain

instrumental over verse, then vocal refrain again

A man's love, is simple and free

It can blow with the wind, it can burrow down deep

But it can stray, now and again

Leaving shattered hearts, everywhere its been

refrain

slow to end on last words of refrain
